MongoDB Express.Js React JS Node JS

Placement Process:

- At REGex Software, we are committed to providing a structured and results-driven training approach to ensure your career success.

- ◆ Training & Performance Analysis:
- Your training will begin from day 1 of your joining, focusing on hands-on learning and practical implementation.
- Our team will analyze your performance based on assignments, projects and weekly assessments from the second week onwards and we will provide weekly feedback to help you improve.
- ◆ Mandatory Criteria for Placement Opportunities:
- To be eligible for placement opportunities, you must meet the following criteria:
- ✅ 80% attendance in live training sessions.
- ✅ 80% completion and timely submission of assignments & projects.
- ✅ 80% attendance in assessments, including tests, mock interviews, HR interviews and group discussions.

- ◆ Resume Preparation & Placement Process:
- Between 5.5 to 6 months, our team will provide guidance on resume building and evaluate your resumes accordingly.
- After completing 75-80% of the program, you will receive details about the placement opportunities based on your performance and company requirements.
- Placement opportunities will be provided continuously via email, calls and WhatsApp groups, depending on your performance.
- ◆ Placement Assurance & Refund Policy:
- This is a Placement Assured Program, with an additional 6-month post-program assistance.
- If you successfully complete the program but do not secure a placement within 6 months after program completion, you will receive a 100% fee refund with 9% interest.
- ◆ Our Commitment to Your Success:

At REGex Software, Placement Assurance = Skills + Opportunities.
- We equip you with industry-relevant skills and provide continuous job opportunities based on your performance. However, it is the student's responsibility to crack interviews and enhance their skills based on feedback.
- For additional support, we offer the flexibility to rejoin previous batches to reinforce concepts and improve understanding.We are dedicated to your career success! 🚀

Extra Sessions:
Additinal Session on GIT, Linux, Docker, AWS Basics, Jenkins and many more for all students.

Our Students Placed // Partnership
